ASPIRING FRONTEND DEVELOPER

in linkedin.com/in/valine-sonal-noronha

EDUCATION

- **Master of Computer Applications**
  2024-2026

  NMAM Institute of Technology Nitte
  CGPA:9.57

- **Bachelor of Computer Science**
  2021-2024

  Poornaprajna College Udupi
  CGPA:9.63

SKILLS

- **Languages: C Java Python**
- **Frontend: HTML CSS JavaScript React**
- **Database: MySql DBMS**
- **Backend: Servlets**
- **Tools: Git Github VS Code**

CERTIFICATIONS

- **SQL Intermediate**, HackerRank
- **SQL Basic**, HackerRank
- **Java Basic:** HackerRank
- **Data science Bootcamp,** Geeksforgeeks

EXTRAS

LeetCode:
leetcode.com/u/thecodingbug

Practicing coding on LeetCode to strengthen problem-solving.

PROFILE

Enthusiastic MCA student passionate about creating intuitive and responsive web interfaces. Looking for an opportunity to apply my skills in React, JavaScript, and modern frontend development while learning from industry experience.

PROJECTS

Job Application Tracker

- **Tech:** HTML CSS Javascript React

- Developed a Job Application Tracker using React that allows users to organize and monitor all job applications in one place.
- Implemented features like status tracking, sorting, filtering, and notes for each application.
- Built a clean dashboard UI with reusable components and used local storage for data persistence.

Food Delivery App

- **Tech**: HTML CSS Javascript React

- Built a responsive food delivery application with modular and reusable React components.
- Implemented restaurant listings, dynamic cart management, and checkout using state, props, and custom UI logic.
- Optimized UI rendering and improved page responsiveness across multiple screen sizes.

E-Voting System for College Elections

- **Tech:** HTML CSS Javascript Servlets JDBC MySql

- Built secure backend workflows for user authentication and vote validation.
- Designed a structured relational database ensuring data integrity and prevention of duplicate entries.
- Documented process flows, test cases, and system behavior, enhancing clarity and consistency.
